PERSONS KILLED BY RAILROADS

Statistics as Prepared by Interstate Commerce Commission for Fiscal Year Are Made Known.

Washington, July 13.—The interstate commerce commission today announced its statistics of railways in the United States for the fiscal year ended June 30, 1904. They show that the par value of the railway capital then outstanding was \$12,569,000,258, which represents a capitalization of \$63,186 per mile.

The number of passengers carried was 691,891,536, an increase of 45,683,030 over the previous year; freight carried, 1,391,394,223 tons, an increase of 104,078,536 tons. The gross earnings from the operation of the total of 265,313 miles of railway line, which is the aggregate single track mileage, were \$1,999,846,907, an increase of \$171,446,640; operating expenses, \$1,257,538,862, an increase of \$141,290,106; net earnings, \$643,308,045, an increase of \$33,176,525; income from other sources than operations, \$25,687,480; net income available for dividends or surplus, \$296,376,045. Total casualties, 86,393, of which 9,840 represented the number of persons killed and 76,553 those injured. Aggregate number of locomotives in service, 43,871, increase 2,646; cars in service, 1,753,389, an increase of over 112,000 during the year.

COAL BARON LEITER MAY CAUSE STRIKE

Situation in Southern Illinois Coal Fields Critical—Magnate and Miners' Officials Clash.

Carbondale, Ill., July 13.—A strike which may involve the entire southern Illinois coal field and practically tie up the entire industry has just been inaugurated at Zeligler, Joseph Leiter's great coal mine center.

The conditions are such that if the contentions of Leiter with practically no operator in this section can successfully market his coal in competition with him. His mine, when it opens this month, will have the largest capacity and contain the most modern equipment of any shaft in the section.

For several weeks the miners' officials and Leiter have endeavored to reach an agreement, but each day brought more exacting demands from Leiter until he handed the officials an ultimatum that demands an 18 cent reduction from the 33 cent scale in the district.

That serious trouble is expected admits of no doubt. A stockade is being built around his plant. Over forty Pinkerton detectives are already at his service.

Leiter's contention is that with his machinery the men can work cheaper and make as large a salary as in mines where hand work is the base of the scale.

AT THE FAIR. The Illinois state commission and hostesses will give an informal reception at the Illinois building, Louisiana Purchase exposition, St. Louis, on Friday evening, July 15, from 8 to 11 o'clock. A general invitation is extended to all Illinois people who are at the fair to attend the reception. It is announced that it is the intention of the commission to keep "open house" at all times; but on the first and third Friday evenings of each month special informal receptions will be given at the Illinois building and all Illinois people who are at the fair, or in the city of St. Louis, will be given a cordial welcome.

COO IS BITTEN

BY MAD DOG

Animal Property of Warren Wilcox of New Berlin—Died in Fearful Agony.

Warren Wilcox, residing two miles north of Island Grove, had a valuable cow die Tuesday evening of hydrophobia. It is supposed the death was caused by a dog bite.

Two weeks ago a dog belonging to the same man went mad and was shot, and at the time it was thought that no animals had been bitten. Recent developments, however, have aroused the suspicion that probably several animals have received bites.

Tuesday evening Mr. Wilcox noticed that the cow was behaving strangely and sent for Robert Henley, Dr. C. E. Scott's assistant, but the cow was dead when he arrived. Its struggles at the end were fearful. It bit ferociously at everything within reach. The shed in which it was confined was torn to pieces. No one dared go near and two men with shotguns were ready to kill the animal in case it got loose.

JUST FOR FUN.

A few days ago two young ladies, well known and popular in this city, thought of visiting the world's fair. To think was to decide and to decide was to act, and accordingly they appeared at the station of "The Only Way" bright and early with happy anticipations of the times they would enjoy. They would see Queen Victoria's jubilee presents, the Igorrotes, the Filipinos, the cascades, the United States building, the pretty pictures in the art building, take in the attractions of the pike and what not. In fact, they expected to be able to write a volume on their return. They had heard that the fair covers a great deal of territory; that it takes lots of walking to get over the entire grounds, so they thought they would enjoy a little exercise in advance. Of course they knew St. Louis was to the south and that a train for Bloomington wouldn't go far enough around the world to land one at the big bridge, but it was early, and a little exercise up the track would be fine, so while they were waiting they thought they would walk the ties. It would be too far to foot it to the bridge and back again, so if they could ride on the north bound train as far as the Maunauisterre and walk back it would be fine. This they decided to do and accordingly they boarded the Chicago train and were soon speeding northward. They spoke pleasantly to a lady going to the capital of McLean, and then came a lusty shout for the conductor. They were not at all alarmed but afraid they might be taken too far, so with bewitching smiles they asked the manager of the train to please stop his steam wagon long enough to let them off and he courteously consented, and grasping their suit cases and umbrellas, which they forgot to leave in the station until they would return, they made a hurried trudge back in time to catch their train, and now they say if you think it isn't fun to take an early morning walk just try it and be convinced.

PROPOSALS FOR COAL.

Scaled proposals will be received by the trustees of the Illinois Central Hospital for the insane, up to noon, July 19, 1904, for furnishing all the bituminous coal to be used in said hospital from the first day of August, 1904, to the 30th day of June, 1905, inclusive. Proposals shall be for screened lump, washed slack and mine run. Said coal to be delivered in coal houses of said hospital at such time and in such quantities as may be required by the superintendent of said hospital. The coal to be inspected by said superintendent, weighed on the hospital scales, and such weights to be considered correct in making settlement. The right is reserved to the said superintendent to reject any coal that fails in his judgment to meet the requirements as to quality, and such rejected coal shall not be paid for. Proposals must specify the price per ton (2,000 pounds); must be sealed and endorsed "Proposals for Coal" and directed to the superintendent of the hospital. Each bid must be accompanied by a certified check of \$100 as a guarantee that the contract will be accepted by the bidder if awarded. The successful bidder will be required to furnish a bond with approved securities in the sum of \$2,000 for the faithful performance of the contract. The trustees reserve the right to reject any and all bids, and to re-advertise for bids at their option.

SUCCESS GAINED

As the Result of Liberal Forceful, Newspaper Advertising.

The story of the success of the United Drug Co. illustrates the wonderful possibilities of brains, energy and newspaper advertising. The company has been in existence less than a year and a half, and yet it is to day recognized as one of the leading manufacturing drug concerns of the country, and its products, all bearing the name of "Rexall," are known from one end of the land to the other.

The Rexall plan originated with Louis K. Liggett, chief stockholder and general manager of the company, and formerly general manager of the Vinol company, in which capacity he made a remarkable record.

To say that Mr. Liggett is "a firm believer in newspaper advertising" would be equivalent to saying that he is a "firm believer" in food or clothing or any other essential.

"Newspaper advertising," he said recently, "is as essential to the manufacturer of a proprietary article as is food to the human body, but it must be used intelligently."

"Look at what we have done with one of our new remedies, Rexall Muen-Tone, and you will have an idea of the possibilities of newspaper advertising when it is judiciously handled."

"Within a week after we finally perfected this remedy—Sept. 30, 1903—our stockholders had given us orders for \$90,000 worth."

"This was only half the battle. The other half was to make the people familiar with this new remedy—to persuade them to buy the great quantities of Muen-Tone our stockholders had ordered."

"So we started on a campaign of newspaper advertising, running two or three ads every week in the largest cities, and gradually taking in the smaller cities and towns."

CURED OF CHRONIC DIARRHOEA AFTER TEN YEARS OF SUFFERING.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all leading druggists.

SPECIAL ASSESSMENT NOTICE.

Notice is hereby given to all persons interested that the city council of the city of Jacksonville, having ordained that a brick pavement twenty-eight feet wide with stone or combination curb be constructed on East Morton avenue in said city from the east line of South Main street to the east line of Hardin avenue, the ordinance for the same being on file in the office of the city clerk, and have applied to the county court of Morgan county for an assessment of the costs of said improvement, according to benefits, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 28th day of July, A. D. 1904, or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Said special assessment shall be divided into ten installments, which installments shall all be equal in amount except that all fractional installments shall be added to the first, and shall be due and payable on the 2d day of January next after completion and acceptance of the work, and the second installment one year thereafter, and so on annually until all are paid. All installments shall bear interest at the rate of 5 per cent per annum.

James H. Danskin, Commissioner of Special Assessment for East Morton Avenue.

PATENT MEDICINES.

A man that compounds or invents something that is just a little better than the next best thing, is certainly entitled to the best share of the profits to be derived from the sale of the article. So he patents or copyrights to protect his interests. Patented goods are good goods, poor goods are never patented. We have 20 years of trial behind us to give us the assurance that we have the best medicine compounded for the cure of dyspepsia, sick-headache, biliousness, indigestion and all stomach disorders. We protect the public as well as ourselves by keeping the formula a secret, as long as we make it we know it is made right and it cures these diseases. Druggists tell us that it is the one medicine that the sale is ever on the increase. To get the best remedy for dyspepsia or indigestion ask the druggists for Dr. Gunn's Improved Liver Pills, price 25c per box, only one for a dose. For sale by Lee P. Alcott.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It. Many women weep and wail and refuse to be comforted because their office magnificent trousers have become thin and faded. Many men incline to profanity because the flies bite through the thin cloth on their craniums. It will be good news to the miserable of both sexes, to learn that Nowbro's Herpicle has been placed upon the market. This is the new scarp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicle is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicle Co., Detroit, Mich.

It is Not Always June

The man who said "In time of peace prepare for war" was a shrewd business manager. No better time in the whole year than to day to fill your bin with "Ideal" coal. These hot, sweltering days are reminders of the zero weather that's due here later on—and, confidentially, Ideal coal is a mighty good investment at present prices. While we ourselves might quite naturally be prejudiced about Ideal coal, we don't ask you to trust our judgment. The hundreds who have used it in Jacksonville, and will now so no other, declare it to be the hottest, purest, most dependable softcoal that ever left the mine. We guarantee it. We know it will suit you to perfection. We know you'll thank your stars next winter for having filled your bin right now. 11c per bushel or \$2.75 per ton cash for July delivery. Let us have your order today.

AN OLD AND USEFUL WORK.

Rev. George W. Shields, of Chicago, district secretary for the northwestern district, is in the city representing the American Tract society. This venerable institution was founded about 1825 and has done a wonderful work. Its object is the distribution of tracts and religious literature among those who would not otherwise have it. Its literature is published in English, German, Bohemian, Polish, Hungarian, Swedish, Italian and other modern languages so as to reach those coming to this country. The aggregate number of periodicals published during the past year was 3,036,400. During the past year the society employed eighty-three colporters who made 233,651 family visits and sold or gave away 61,761 volumes of useful reading. They go to all classes and try to uplift those with whom they come in contact. A large work is also done in foreign lands and the demand is constantly increasing. The society aims to pay only its expenses and do all the good it can in a practical manner.

THE MEAT PACKERS' STRIKE.

While the strike of the employees of the great meat packing institutions will seriously affect the cities, the situation here is not likely to inconvenience the people of Jacksonville as regards fresh meat. A local dealer said that it might possibly have something to do with the prices of hams, bacon, dried beef and other special products of the big establishments. The Jacksonville Meat company kills its animals and so does Thomas Cannon, and there are plenty in the country to supply us for years to come. Meanwhile the sympathy of all must go out to the farmers who are the innocent sufferers in this unfortunate condition of affairs and every one will earnestly desire a speedy settlement of the difficulty.

YES, INDEED.

The Courier says:
"We are informed that some one has written two or three editorials for the Jacksonville Daily Journal."
Just so. Yes; some one did write a few. And, by the way, wonder who wrote this which appeared in the Courier April 22:

"Grover Cleveland's advocacy of Judge Parker makes the issue clear. All the bolters of 1896 and 1900 have been for Parker from the first and it only needed the endorsement of Cleveland to make their plans so plain that no Democrat can be deceived as to their purpose. Let the 7,500,000 Democrats who fought under the banner of true Democracy in the last two campaigns put the right foot forward and crush this effort to betray the Democratic party into the hands of the enemy."

Pretty bad that the Democratic party has been betrayed into the hands of the enemy, and to make the transaction all the nearer complete the running mate of Judge Parker is not a wooden Indian but a coal baron, a railroad magnate, a defender of the greatest trusts and twenty times a millionaire. Our esteemed contemporary should get some one to write some more editorials.

BRYAN'S DEFEAT COSTLY.

O. W. Palm, a business man of Lincoln, Neb., and a friend and ardent admirer of W. J. Bryan, said after returning from the convention: "Mr. Bryan fought them every step of the way and won a great victory. Even the Wall street crowd recognized that he was the man. He had the crowds with him, but of course the other side had the delegates. As Tillman told them, and I quote his own words: 'You are bought, every one of you.' They admired Bryan as a man and all that, but they needed the money and there was too much of the Wall street coin floating around there to permit of fair play. How many million dollars were spent I don't know, but it was not less than ten, and the crowd that spent it made it all back and more, too, next day when stocks advanced on the news that Parker had been nominated. Every leader from any distance in the country had his own special car and it was all paid for. When he wanted to go home, all he had to do was to go down to his car and get in it. All the Rockefeller interests were there in force. They had one whole floor in the hotel and paid all the bills."

PLEASANT SURPRISE.

The clerks of Putnam's store and their friends gave the manager, Mr. Schnert, a pleasant surprise on the occasion of his thirty-ninth birthday. A pleasant evening was spent with games and music by Miss Lizzie Delaney. Nice refreshments were served.

Those present were: Misses Mary Hennessey, Kathryn Kiloran, Grace Black, Lizzie Delaney, Leona Reynolds, Grace Crabbe, Mamie Foley, Collins, Louisa Schnert and Della Hickman; Messrs. John Hubbard, John Buckley, Kent Johnson, Eugene Flood, Alfred Jackson, Peter Robarce, James Crouse and Mr. and Mrs. W. Schnert.

"GO IT HUSBAND; GO IT BEAR"

Quincy Journal on the Illinois
Contests—Praise for Judge
Thompson and Judge Barnes.

The Quincy Journal of Wednesday's issue devoted four columns to the recent Democratic tangle under the head of "Echoes From the Convention."

Bryan is praised in a lengthy editorial, the Illinois contests are considered, the Chicago Chronicle called a nondescript sheet and Grover Cleveland characterized as "a man of mediocre ability, of intense selfishness, with no integrity to spare."

Regarding the presentation of the Illinois contest, cases before the sub-committee of the national committee, the paper says:

"Judge Thompson voiced the feelings of the Democrats of Illinois in his address before the sub-committee of the national committee when he said, in speaking of Hopkins, Sullivan and the crowd: 'If these men were directly in the pay of the Republican party, they could not do more to wreck and destroy the Democratic party of Illinois than they are now doing.' And speaking of Judge Thompson, those who think that Bryan was severe with the Hopkins crowd should have heard Judge Thompson's speech before the national sub-committee and his speech before the credentials committee. He based his whole case on fraud; gross, glaring, bold, premeditated fraud, impudently and insolently executed. Mr. Bryan's denunciation of the Hopkins gang and their wicked proceedings was moderate and gentle compared with Judge Thompson's exhortation of them. He stood face to face and within arm's length of them and pictured their wrong-doing in language that blistered everything it touched and that made John P. Hopkins mop his face continuously. He was a different man then from what he was at Springfield, strutting round on the floor of the convention brooding his rough and ready mob of fighters from Chicago. Mr. Bryan himself could not have equalled Judge Thompson in his presentation of the case to the sub-committee of the national committee and to the credentials committee. Judge Thompson's speech was a masterful presentation of the cause of the contestants and a scathing arraignment of the villainy perpetrated at the Springfield convention."

"But Judge Thompson was not the only one who did good work in behalf of the contestants. Judge Barnes, Judge Cagney, Mr. Purkhiser, from Ioliet; Mr. Tolman, from Chicago, and others did great work in this behalf. "The conclusion among the Illinois Democrats at the national convention was that they would do nothing toward reorganizing the party until after the November election; that they could stay with the party, support the ticket, and then reorganize the party for the canvass of two years hence. At the same time they feel that Hopkins and his coterie have destroyed all chance of making a successful campaign this year. This is an exact statement of the situation as voiced by the silver Democrats attending the St. Louis convention."

MURDERER DIES.

Omaha, Neb., July 13.—Michael Zechar, who last Saturday killed his wife and her father, William Burkamp, attempted suicide while being captured and died of night of blood poisoning induced by self-inflicted stab wounds.

Keep the Cows Clean.

The cows should be kept just as clean as possible. There is hardly any necessity of keeping cows with filthy flanks, belly, udder and teats, says a correspondent of Hoard's Dairyman. It costs barely nothing, except a few boards, a little time and energy, to fix the stalls or stanchions in any old cow stable so that the cows cannot get soiled. Of course some cows will soil themselves if they are obliged to almost break their necks to do it. In such a case it might be better to give the butcher a chance to do the "breaking," provided he is willing to pay a fair price for the privilege.

More Ash and Protein.

It has been demonstrated that in the fattening of young hogs a ration containing more protein and ash than does a sole corn ration. This is something new to most hog raisers. It has been quite generally recognized that in growing the frame of hogs much protein was needed, but most people have assumed that when once the frame had reached a remarkable size a whole corn ration could be fed to advantage. Experiments made at the Iowa station apparently show the opposite.—Farm and Home.

Worms in Lambs.

The greatest loss of lambs is due to tape, stomach and lung worms, and as these parasites are always most numerous in old pastures the proper plan is to frequently change pastures, says Wool Markets and Sheep. When attacked there are numerous remedies, but one of the simplest and best is two teaspoonfuls of gasoline in four ounces of sweet milk used as a drench twice about ten days apart. Care must be taken to avoid strangling, and a good way is to use in a bottle with a lamb nipple.

HEARST QUARTERS WERE EXPENSIVE

Engaged Two Floors and Half
at Jefferson Hotel and Cost
Was \$10,000.

St. Louis, July 13.—That it costs money to make a race for the presidential nomination William R. Hearst will realize when he receives his bill from the Jefferson hotel in a day or two. Mr. Hearst engaged two floors and a half at this hotel, for which he must pay \$10,000. The rooms were occupied by his managers and friendly delegations for five days which makes the cost something over \$3,000 a day. Mr. Hearst received about 200 votes in the convention. His total campaign is said to have cost about \$300,000.

It is doubtful if Mr. Belmont and other Parker boomers expended more than one-half what Mr. Hearst did for hotel accommodations. The New Yorkers, however, are said to have been free spenders while here. The quarters at the Planters cost the Parker combine over \$1,000 a day and the cost of headquarters at the Southern was equally as great.

The Wall boomers probably cut that down another half, although there were a couple of hundred of them in the city. The expense account of the other candidates probably will be nothing. Their friends are said to have paid all necessary expenses.

HINTS FOR FARMERS

To Tan Sheepskins.

Wash the hide in warm water, remove all fleshy matter from the inner surface and loose dirt from the hair side. Now wash in strong, rather warm soapuds. The old time soft soap made from wood ashes is best. Either rub by hand or gently on a washboard. As soon as thoroughly cleaned and rinsed press as much of the water out as possible. Add the following mixture to the flesh side: Common salt and ground alum, one-fourth ounce each, and one-half ounce of borax dissolved in one quart of hot water. When sufficiently cool to work with the hand, add enough rye meal to make a thick paste. Spread the mixture on the flesh side, fold and let it remain in a shady place for two weeks and remove the paste and wash. When nearly dry, scrape the flesh side thoroughly with a dull knife. Rub with the hands until the skin is soft and pliable.

Lice on Chickens.

A small pinch of lard placed on the heads of chickens will knock lice stiff, and it will not hurt the chick. Lice are the bane of fanciers who raise pure bred fowls, and a great many ills can be traced to them. Bowel trouble, weakness of all kinds, going light, cholera, leg weakness in young cockerels, general debility and numerous others can all be credited to them. Lice revel in filth and there multiply and take the flock down in a hurry. The combs turn black, and their bodies get so light in weight that the owners think they are really "going light," which is but another name for consumption. The only way to successfully combat lice is to fight them all the time.—Farm and Ranch.

Curing Clover Hay.

Last year I went into a live here field of clover just about the time it was in full bloom and cut it down, says a West Virginia farmer in National Stockman. After noon the rake was started, and what had been cut before noon was raked up and put in shock. The evening's cutting was put up the next day. The hay did not look as if it was more than half cured, but as soon as I could I put it all in the mow. The hay heated considerably in the mow, and I felt a little uncertain as to how it would look when opened up, but when I fed it out during the winter I found that only where it got air was there any damage done. Nearly all of the hay was in good condition.

WENT THROUGH THE KAW VALLEY

Richard Dodsworth Gives Interesting Account of His Experiences in Flooded Region.

Richard Dodsworth, who returned Wednesday morning from DeGraff, Kans., gives an interesting account of his experiences in the flooded region of the Kaw valley. He says:

"We were laid up between Topeka and Florence seven hours with high water. Our train consisted of twelve coaches and three baggage cars. Many of the passengers would have preferred to remain in Kansas City if they had known the condition of the water. The Kaw valley is six miles wide and throughout this entire distance the tracks were covered to a depth of eighteen inches.

"The engine made six attempts to cross the valley before it was successful. Each time the water would put out the fire and splash on the boiler so that enough steam could not be kept up to get across.

"All along the line summer kitchens, poultry houses and barns were floating around. People were living in the second stories of dwellings, while water was rushing through the doors and windows of the lower story. At one place the train ran through a bunch of cattle which were herded on the track, killing one. The rest swam off the embankment and returned after the train had passed. Thousands of acres of bundled wheat were floating on the water. For miles and miles nothing was to be seen but water, and the sensations of the passengers were far from pleasant."

Mr. Dodsworth, while in Kansas, visited the ranch of Smith & Stimpson. The water there was not dangerous, although the corn had been damaged severely by the continued rain.

Mr. Dodsworth was accompanied home by his father.

SUNDAY SCHOOL PICNIC.

This afternoon Bethel A. M. E. Sunday school is to enjoy its annual picnic in Maple Grove, south of the city. The worthy superintendent, Rev. John W. Kirk, has worked hard to make ample arrangements for the pleasure of the scholars and his employer, Mr. Zell, has kindly given him a half holiday for the occasion.

AN ECHO MEETING AT STATE STREET

Presbyterian Church Was Held Wednesday Evening—Report Read From Recent Endeavor Convention.

An echo meeting was held in connection with the regular prayer meeting service at State Street church Wednesday evening. The report from the recent Christian Endeavor convention held in Springfield, was given by Miss Edna Wardhaugh, who spoke in part as follows:

"It is almost impossible to report such meetings as those of the seventeenth convention of Christian Endeavor. It was certainly a 'feast of reason and a flow of soul.'"

"From the president's report we learned how much the Christian Endeavor movement is doing. There were over 1,100 delegates registered, which constituted one of the largest conventions in the history of Illinois Endeavor work. During the past year the societies have increased 11 per cent. In Illinois there are 1,802 societies, with a membership of 90,000, not including the Juniors, who number 15,000.

"The speakers on the program were not assigned special topics. Rev. James M. Gray, of Boston, gave the opening address with the Endeavor theme as his subject, 'What Does It Mean to be a Disciple?' 'Have You Been Born Again?' is not a question of church or of Endeavor membership, but it is a knowing of the truth thereby. As disciples we look to Christ as the head and we lean upon him.

"Friday afternoon Rev. F. S. Hatch, general secretary, brought excellent reports from India, Burmah, Ceylon and Japan. In the last named country there has been an increase of 50 per cent in membership.

"The address of Friday evening was by Rev. Mr. Goss, of Cincinnati. He took as his subject, 'Forward.' Miss Miller started her talk by requesting the convention to sing 'Tis the Old Time Religion.'

"The theme Sunday morning was 'Anything that Hinders Should Go.' On Sunday evening an eloquent address was given by Dr. Herbert L. Willett, of Chicago University. His thought centered around the convention theme. He spoke of the many definitions of religions that might be given, an idea, a self-denial, an act of worship, an attitude of the soul. But Christ defines it as Life. 'I am come that ye might have eternal life.' 'Great is faith, but greater is power. Through love we become like that which we love—love Christ and we become like Him.'"

The service was also made the occasion of a number of young people volunteering their services for work each Sunday at the open air meetings in the park.

THE BIRTH RECORD.

Born, to Mr. and Mrs. James Martin, on North Prairie street, Wednesday morning, a boy.

RETURNED TO ENGLAND.

Mr. and Mrs. Will Parkinson, of Preston, Eng., have ended a two weeks' visit with David Stansfield and family, of Murrayville. Mr. Parkinson formerly resided in Morgan county, having come from England in 1857. He returned in 1864, came to this country again in 1867 and returned again to his native land in 1874. He also visited with his uncle, Thomas Stansfield, and his old-time friend, U. Rimbey. Mrs. Parkinson is a native of England and this was her first visit to the United States. Mr. Parkinson is a prominent resident of Preston, where he is engaged in the mercantile business.

FIRE ALARM.

A small warehouse belonging to Kellogg Bros., caught fire Wednesday afternoon about 4 o'clock. It probably was ignited by a spark from one of the big "Q" freight engines. It was discovered by the tower man before the flames had gained any headway and men from the machine shop soon extinguished them with a few buckets of water. Some one sent in an alarm and the fire department made a fast run, but their services were not needed.

BRAKEMAN KILLED.

Alfred Beer, a brakeman on the O. B. & Q., was killed recently by his own train at Virden. He was cutting off the air brake hose when the train backed up, cutting off both legs. He died from the effects of his injuries in a few hours.

The body was taken by his brother to his home in Plattsville, Colo. Mr. Beer was 23 years of age and was well known and respected in railroad circles.

GAVE DINNER PARTY.

Mrs. James Dobyns and Mrs. Sue Shepherd were hostesses at a 6 o'clock dinner given Wednesday evening at the Dobyns home near Orleans. The appointments were perfect and the table decorations very handsome. The function was given in honor of Miss Daisy Ross, of Mt. Sterling, and the limited number of guests present were most delightfully entertained.

Are attracting lots of attention

In our Carpet Department the enormous trade of the season so depoted our stock that many "fill in" orders were necessary. We can supply you now with lots of new things not shown earlier. See the "Vidor Screens." In our work shop we do upholstering, repair and refinish furniture. A nice line of Wood Mantles, Grates and Tiles. Catalogue upon application.

THE O. K. STORE IS HOLDING A BIG UNLOADING SALE

The cold, rainy weather has retarded the sale of Summer Dry Goods to such an extent that we find our stock is too large by thousands of dollars.

We are going to sell all the surplus stock, and all the broken assortments of the most desirable merchandise WITHOUT A PENNY OF PROFIT, and in many cases AT EVEN LESS THAN MANUFACTURERS' COST. The goods offered in this sale are not "Job Lots," bought for a "Sale," but are of the best qualities from our regular stock. Get in early as some of the quantities are limited, and THIS SALE LASTS ONLY UNTIL THE PRESENT SURPLUS STOCK IS SOLD.

The Cotton Market is Up, but We have Too Many Goods—Take Them at These Prices.

GOLF NOTES

There will be a ladies' tournament
at the Country club links this after-
noon.

Eighty applications were made to
F. J. Ledford for caddie positions
during the coming golf tournament.
Sixty-five will be taken from the list
of applicants and all of these will be
needed while the tournament is in
progress.

Secretary Ledford has received
many replies from the different clubs
in the association stating that they
expect to send a good representation
to the Jacksonville meeting.

The personnel of the local team
will be determined this week.

Each club will be represented by a
team of six members and the mem-
bers of all teams will probably reach
here in time for a practice round on
Monday.

PHYLLIS WHEATLEY CLUB.
Mrs. Mary C. Clark, of 309 Marion
street, most delightfully entertained
the Phyllis Wheatley club Tuesday
afternoon.

All members are requested to meet
at 2:30 o'clock July 28, at Mrs. Sher-
man Spencer's, 1114 South East
street.

STORMS AT BONESTEEL.
Bonesteel, S. D., July 13.—Two
small tonadoes passed over the Rose-
bud reservation to day. The last one,
which occurred this evening, touched
Bonesteel and did considerable dam-
age to tents and temporary buildings,
but nobody was hurt.

The largest appropriation for good
roads was that made at the last ses-
sion of the New York legislature. It
was a million and a half.

CLEMSON COLLEGE CALLS DR. CALHOUN

Appointed to Chair of Geology
and Mineralogy in South Caro-
lina Institution.

Friends of Dr. F. H. H. Calhoun
will be surprised to learn that he has
resigned his position at Illinois col-
lege to accept the chair of geology
and mineralogy in Clemson college,
South Carolina. Clemson is one of
the younger colleges of the south,
well equipped and heavily endowed.
It is located on the old John C. Cal-
houn estate in the plantation region
of the south and in the foothills of
the Blue Ridge mountains. It is a
flourishing institution, having over
700 students in attendance and fifty
members of the faculty. There are
but five full professorships, one of
which Dr. Calhoun holds. While re-
gretting exceedingly to leave Jack-
sonville, Dr. Calhoun feels that the
opportunity for advancement along
his special line and the increase in
salary, it being double that which
he now receives, are too advantageous
to be refused.

Dr. and Mrs. Calhoun expect to
leave Jacksonville about the first of
August. They will be greatly missed
from the social and literary circles of
the city, but their many friends will
unite in the hope that they will find
their home in the southland most
pleasant.

NOTICE.

The Ladies' Sewing society of the
First Baptist church will meet at the
church Friday afternoon. A full at-
tendance is desired.

WON RHODES SCHOLARSHIP.

S. D. Hornbeck, son of Rev. and
Mrs. M. D. Hornbeck, of Denver, won
one of the Cecil Rhodes scholarships
from the state of Colorado. Rev.
Mr. Hornbeck was formerly a mem-
ber of the Methodist conference of
this district and at one time was
stationed in Quincy. Mrs. Hornbeck
was formerly Miss Lydia Kuhl and
resided in Beardstown.

INTERURBAN CROSSING CASE

At Virden—Considerable Inter-
est Manifested in the Final
Outcome.

Considerable interest is manifest-
ed in the final outcome of the C. B.
& Q. (formerly J. & St. L.) and the
Decatur, Springfield & St. Louis in-
terurban railway crossing case at
Virden.

The interurban people took the bull
by the horns Sunday and spiked down
a locomotive attached to a caboose,
which the "Q" road had stationed at
the point of the contemplated cross-
ing to prevent the interurban road
from carrying out their plans. A
gang of track men were on hand to
take advantage of the situation and
proceeded to tear up the track which
was soon replaced with the crossing
over which an interurban car was
run.

The coup executed by the interur-
ban people was cleverly worked. The
trainmen were engaged in a con-
versation which developed into an
argument and while the discussion
was in progress the trackmen got in
their work.

For one railroad to cross the track
of another means a great deal to
both roads and while the law is such
that liberal provisions are made for
a new road's crossing old ones, yet
these questions are always more or
less attended with some controversy
and propositions are usually sub-
mitted and resubmitted by the parties
in interest before a final decision is
reached.

The jurisdiction in such matters
has now been placed in the hands of
the railroad and ware house com-
mission and when such cases are be-
fore the board the services of an ex-
pert engineer is secured to determine
the conditions existing and thus en-
able the board to have a practical
knowledge of the merits of the case.
The crossing was built Sunday
and has been allowed to remain thus
far, but whether it will remain per-
manently is a question for the future to
decide.

78TH BIRTHDAY CELEBRATION

Mrs. Martha Smith of Concord
Is Honored by Gathering of
Relatives and Friends—A
Happy Occasion.

Recently was the seventy-eighth
birthday of Mrs. Martha Goodpas-
ture Smith, widow of Larkin B.
Smith, and the day was made the oc-
casion of a family gathering, her
children, grandchildren, great grand-
children and her niece, Mrs. Martha
Hudson, of Ashland, participating in
the celebration.

Mrs. Smith was born in Overton
county, Tennessee, July 10, 1826, and
was a member of a pioneer family of
Virginia. She came in 1828 with her
parents to Illinois, where she has
since resided. She has lived on the
present estate, comprising over 500
acres, for nearly forty years. Mrs.
Smith is the mother of eight chil-
dren living, all but one residing on
farms within one mile of her home.
There are nineteen grandchildren
and ten great grandchildren.

It was on last Sunday that she was
surprised by her children's arrival
with baskets of eatables. They num-
bered about forty and soon had the
house beautifully and artistically de-
corated with pink and white ear-
nations, pink and white geraniums,
intermingled with sweet peas and di-
anthis. At 12:30 a sumptuous sup-
per was served on the beautiful lawn.

Mrs. Smith was the recipient of a
number of beautiful presents, one of
which was an elegant Mouette rug,
given by four grandchildren, Mrs.
Robert Henley, Mrs. Lydia Moss, H.
L. Hamm and L. C. Hamm, of Jack-
sonville.

Grandma Smith, as she is better
known, is a devoted member of the
Methodist Protestant church and is
a person of high ideals and spends a
great part of her time in reading.
She takes great pleasure in con-
versing on the topics of the day.

Mrs. Smith has entertained at her
home many of our noted statesmen,
such as Col. W. J. Bryan, ex-Con-
gressman William Springer, W. H.
Hurricane, State Representatives
William S. Lorton and John B. Joy,
and is a very intimate friend of
Judges Owen P. Thompson and C. A.
Barnes.

At 4:30 light refreshments were
served, after which grandma expressed
her sincere thanks and apprecia-
tion to her children, saying that they
were trying to follow out the ten
commandments. The guests then de-
parted for their homes, wishing their
venerable relative many happy re-
turns of the day.

THE GILLET TRIAL

Negro Servant of Family Ar-
rested for Perjury in Con-
nection With Contest

Lincoln, Ill., July 13.—Thomas McDan-
iels, a negro servant, was arrested to day
on the charge of perjury in connection
with contesting of a codicil of the will of
John P. Gillett giving \$50,000 to Mrs.
Emma Gillett Oglesby, widow of the
late governor, and her son by a former
marriage, Hiram J. Keas.

Miss Jessie Gillett is the contestant in
the Logan county circuit court. She is
a sister of Mrs. Oglesby. When the case
began Miss Amy Gillett, another sister,
said during cross-examination that she
had given Rev. Mr. Miller, of Elkhart,
\$1,000, which he was to give to Ellis Eldon,
foreman on the Gillett farm, to influence
his testimony. Eldon, she said refused
the check.

Mrs. Oglesby swore out the warrant
charging McDaniels with perjury. Mc-
Daniels, while under cross-examination,
swore that Mrs. Oglesby and Joseph Hod-
nett, a Lincoln attorney, were seen by
him in Gillett's room trying to induce Gil-
lett to sign a document.

McDaniels' trial was fixed for July 28.
He was released on \$1,000 bond. Other
arrests on similar charges, it is said, will
follow.

According to a New York trade
journal the world's coffee bill is \$225,-
000,000, and must represent the pro-
duct of nearly two million trees. The
coffee tree beats the apple tree.

MERCHANTS' OBJECT.

Panama, July 13.—Governor Dav-
is' decree establishing a custom
house in the canal zone has created
exciting comment here. The prin-
cipal merchants of Panama and Colon
held a meeting to discuss the situa-
tion and unanimously decided that
the establishment of custom houses
in such a form means the ruin of
the commerce of Panama and Colon
and consequently of the republic.

The canal commissioners and offi-
cers of the government have discuss-
ed the situation which is believed by
all to be extremely serious unless the
decree is revoked and the interests in
Panama considered.

The codfish, which deposits 000,-
000 eggs, is not in the game with the
common house fly, which, if unin-
dered, would be the progenitor of 20,-
000,000 pesky flies during the summer
season.

bration after the ceremony at the Kemp-
inski-klotz house.

Miss Helenexyl Vyteloztski was maid
of honor at the Kempinski-klotz-Kyce-
woskat wedding and Glandxl was best
man. There were four bridesmaids—Juna-
tixl Garymonesk, Foulani Maryktili,
Marlesstl Voulangeskyz and Saratons
Morvilhoxt.

Aloytykl Benoltizaka acted as best man
at the Banekczekzi-Gorzelskipo part of
the ceremony and Amaremyz Mottinxkl
was maid of honor.

LABOR CONTRACTS VOID.
Milwaukee, July 13.—Contracts made by
incorporated labor unions with manu-
facturers prohibiting employment of non-
union workmen are void, according to
a decision announced by Judge Lutwieg
to day.

CHICAGO BROKERS FAIL.
Chicago, July 13.—Earnest F. Jones &
Co., brokers, went into the hands of re-
ceivers to day. The firm is said to have
forty-five branches in four states.
